

Get prepared, so you can leave your worries behind and enjoy Japan

If you happen to suffer an injury or a sudden illness, you won't have to worry if you have travel insurance with adequate coverage and service.

① Medical expenses may be very high depending on the symptoms, but you'll be prepared for those unexpected charges.

② If your insurance covers "interpreting services," you'll be able to describe your symptoms accurately at the hospital, even if you can't speak Japanese.

③ If your insurance policy includes "medical institution referrals/arrangement services," you'll be able to get to the appropriate hospital.

Sign up for travel insurance with adequate coverage before your departure and enjoy your stay in Japan.

*You can also purchase travel insurance from your smartphone or other devices after arriving in Japan. *Be sure to check exactly what your insurance policy covers.
