

Meeting with the mission members of the recovery of the remains of War Dead.

On February 25th, mission members of the recovery of the remains of War Dead , consisting of Ministry of Health, Labour and Welfare, Japan Association for Recovery and Repatriation of War Casualties and National Museum of Nature and Science, visited our office. The members provided a detailed explanation on their current mission and the future mission plan for fiscal year 2026.

The members will be conducting their mission on Tinian and afterwards, they are scheduled to conduct the cremation and memorial service on March 9th in Saipan.
